## **Newsletter**

The e-mailing of the EP Newsletter has become a redundant and unnecessary effort. The newsletter is posted on the website on the Newsletters & Notes page as soon as possible after receipt from the editor. Since the newsletter does not contain any privy information, anybody, including former and current owners, renters or other interested parties can view it whenever they wish using their computer, tablet or cell phone.

We suggest that you put <http://www.emeraldpointervresort.com/> in your Favorites or on your Desktop for quick access and check it several times per month for updates. If you should receive an e-mail from Emerald Pointe then please read it ASAP, as it IS important. Please **DO NOT REPLY** to any e-mail from Emerald Pointe (unless requested to do so) as that address is used only for sending and is not checked for incoming mail regularly.

If you have a need to e-mail or contact any BOD, committee chair, or the webmaster please use the Feedback form provided throughout the website. If you have questions about the operation of the website or have suggestions please let us know.

## **Proxy**

**Proxy:** Proxies can be printed from the web page and have only been mailed in the past by request. The Proxy form is available in the Library, Office and on our web page <http://www.emeraldpointervresort.com/> under Members only, then Minutes, Meeting and then Proxy. The Proxy must be returned to the office as specified on the Proxy for it to be valid.

**Thanks**

**Jack B. Wilson, President, EPPOA**
