

## **What can we put on this site ?**

Our site content is limited only by our imagination and our technical ability to get it done.

The challenge with any website is to keep it fresh with current and accurate information. To that end you can have information about any activity that you are involved in.

Your activity webpage would have some or all of the following:

Your activity page name

- Contact Info
- Meeting location, day(s) & times
- Any costs involved
- Items needed to participate
- Photos of the activity
- Reports, scores and/or updates
- Anything else you may come up with

To get started, just contact me with whatever you have and we'll work with you to get it online the way you want.
