Why am I running for the Board of Directors?

Because of the manner in which Emerald Pointe was organized and operated by the owners, my wife, Vicki, and I purchased our lot in 2015. My objective is to work with the directors and property owners to maintain Emerald Pointe's integrity, beauty and equality for all owners. I believe my organizational, decision-making and management skills will be an asset for Emerald Pointe. I strongly believe owners should take an active part in the operation of Emerald Pointe so that our park moves forward with the community spirit that has contributed to Emerald Pointe's success.

What are my priorities?

1) Maintain and advance existing standards. 2) Listen to all grievances and concerns of owners and assist directors in resolutions. 3) Work diligently in maintaining the beauty and high standards of EP. 4) Spend as much time as possible at the park (at present here from November 1 thru April 15). 5) Assure all residents follow the CCR, By-laws and R&Rs which make EP what is and continues to be.
